

Install DBeaver

This is a non-web interface but is good for generating data-sources.json to use with CloudBeaver so I installed it.

```
PWD=/opt/dbeaver
mkdir -p $PWD
cd $PWD
wget https://github.com/dbeaver/dbeaver/releases/download/7.0.3/dbeaver-ce_7.0.3_amd64.deb
dpkg -i dbeaver-*.deb
```
