

# Copy Text to Clipboard - Excel VBA

Basic Test:

```
Public Sub ClipboardCopy()  
    Dim MyDataObject As Object  
    Set MyDataObject = CreateObject("New:{1C3B4210-F441-11CE-B9EA-00AA006B1A69}")  
    With MyDataObject  
        .SetText "TEST"  
        .PutInClipboard  
    End With  
End Sub
```

Another Version:

```
Public Sub Copy()  
    Dim CopytoClipboard As Range  
    Set CopytoClipboard = ActiveWorkbook.ActiveSheet.Range("A1:A14")  
    CopytoClipboard.Copy  
End Sub
```
